BUMI CRYPTO

Connecting Communities, Building the Future

BUMI CRYPTO is not merely an ordinary token. It represents a movement designed to connect individuals from diverse backgrounds, foster a robust community, and provide genuine opportunities for each member to participate in collective growth. We believe that true strength arises from unity, and BUMI CRYPTO serves as a bridge linking token holders with the vibrant and expansive Tantin community.

With BUMI CRYPTO, you not only possess a digital token but also become part of a large, supportive, and collaborative family. Our mission is straightforward: to create a space where everyone can feel connected, valued, and have the opportunity to grow together. Through this token, we aim to open doors for all, including those who may not yet be well-versed in technology, allowing them to experience the benefits and opportunities available.

We understand that the cryptocurrency world can seem complex and bewildering to many individuals. Therefore, BUMI CRYPTO presents an approach that is easily comprehensible, transparent, and accessible to all. We aim to ensure that every community member can grasp the objectives and values of this token without encountering difficulties. By joining us, you are not merely investing in a token; you are also investing in a grand vision that prioritizes fairness, openness, and community empowerment.

Together, we are building a brighter future with BUMI CRYPTO, where every voice is heard, every contribution is valued, and every step is taken collectively. This is your opportunity to be part of something greater, something tangible, and something filled with hope. Join us and experience the true power of community.

Token Information and BUMI CRYPTO Presale

Presale is the initial stage of token sales before they are officially launched to the general public. This is a special opportunity for you to acquire BUMI tokens at a very attractive price, which is 1 BUMI = 0.1 CTC. By participating in the presale, you can become part of the community from the beginning and gain greater benefits when the token starts trading on the Tantin Exchange.

Token BUMI CRYPTO has an official contract on the blockchain network with the address: 0x86336c0089cf24ecf53033727a0dcdacf1d1d1d2. This address serves as the unique identifier for our token, ensuring the security and transparency of each transaction. You can review and verify this token on reputable blockchain platforms.

This presale is designed to assist those who may not be familiar with the cryptocurrency landscape. We aim to ensure that the process is straightforward and transparent, allowing anyone to participate without confusion. By purchasing tokens during the presale, you not only secure a special price but also contribute to the development of the BUMI CRYPTO community and project as a whole.

We invite you to join this presale as a foundational step in building a shared future. By understanding and participating in the presale, you become part of the significant journey of BUMI CRYPTO, which is transparent, equitable, and community-focused. Do not miss this opportunity to be part of tangible change and growth.

Tokenomics BUMI CRYPTO: Transparency and Equity for All Token Holders

Tokenomics refers to the methodology we employ to organize and manage the distribution of tokens in a manner that is equitable and transparent. Below are the details of BUMI CRYPTO's tokenomics:

Distribution Category	Persentase (%)	Keterangan
Presale & Bonus	80%	All tokens are distributed through presale, with no allocation for the development team or management.
Developer	0%	There is no token distribution for the development and management team to maintain community trust.
Airdrop & Network Bonus	20%	Utilized to expand the community and provide incentives to token holders.

This approach ensures that all token holders have an equal opportunity and that no party gains an unfair advantage from the initial distribution.

Produk Overview

- **Token Name: BUMI**
- **Type: BEP-20 Token**
- **Total Supply: 1,000,000 BUMI**
- **Chain Network: BNB Smart Chain**
- **Contract Address: 0x86336c0089cf24ecf53033727a0dcdacf1d1d1d2**
- **Symbol: BUMI**
- **Decimal: 18**

Technology and Security

BUMI CRYPTO is built on a robust and secure BEP20 blockchain technology. Key technological features include:

- **BEP20 Token Contract: Ensuring compatibility with the Binance Smart Chain ecosystem and facilitating integration with various platforms.**
- **Automated Telegram Bot: Facilitates community interaction and provides real-time updates on tokens and projects.**
- **Security Audit: Tokens and smart contracts have been audited by a third party to ensure there are no security vulnerabilities.**
- **Decentralized Infrastructure: Ensuring transparency and reliability in transactions and token management.**

This technology provides a robust foundation for the growth of BUMI CRYPTO and sustains community trust.

PARTNER & TIM STRATEGIS

BUMI CRYPTO is supported by a team of experienced developers and credible strategic partners. Our team comprises experts in blockchain, application development, marketing, and community engagement.

We also establish partnerships with various platforms and communities to strengthen the BUMI CRYPTO ecosystem and expand the token distribution network.
